Solution 3)

→ Some of the characteristics and attributes of an entrepreneur are :-

1) Vision & Passion :-

An entrepreneur must have a clear vision of his/her business. He must have the ability of plan out his long term & short term goals & objective. He should be passionate towards his work, which will help him to sustain longer and longer in the industry.

2) Innovative

He should look to the new opportunity in their products as well as in the marketplace, so that his company will always be in a developing phase.

3) Adaptability :-

An entrepreneur should always be capable for new changes, which will led to some innovative change.

4) Risk Taker :-

It is a integral part of any new business. So, an entrepreneur should be a risk taker, so that he can ~~de~~bring a confidence in his fellow colligues.

5) Leader :-

An entrepreneur should always be a good leader, so that he can ~~work~~^{lead} nicely with his team. Because, a good leader is one who supports their team in the adverse condition.

6) Persistent :-

A good entrepreneur is always persistent by nature. Any business is ~~not~~ never an overnight success. It takes immense hard work & time.

7) Ethical :-

Ethics and integrity are the cornerstones of any successful business in long terms. A sustainable business can't be run by someone with compromised morals.

8) Competitive Spirit :-

This business world is a very cut-throat space. Thousands of new businesses born and die every day, so the competition is always going to be fierce & intense.
